REVIEW

A.S is a new discovery for me and a really pleasant one... The album Exile mixed by Darrell Thorp (Radiohead, Switchfoot, Beck, Goo Goo Dolls) is a beautiful melancholic popalbum in the same vein as Cary Brothers but with a slightly darker edge on a few tracks. Nice discovery I recommend all you guys and girls whol like well produced thoughtful melancholic pianobased pop to check out.

Former Rainbow keyboard player David Rosenthal auditioned for Dream Theater but Derek Sherinian was the lucky one.
